INTERNSHIPS

Software Developer | Synamedia India Private Limited, Bangalore **Feb 2023 - Present**

Internship at Synamedia, I worked on advanced video technologies, specifically with cdvr-jitp pods, which are part of the Cloud DVR (cDVR) architecture. I also dealt with troubleshooting and enhancing system operations, including identifying issues like socket hang-ups with tools such as Lightstep. This experience involved practical exposure to debugging, improving video delivery systems, and gaining hands-on knowledge of cutting-edge video technology solutions.

Python Intern | Infotise IT Solution Pvt Ltd, Mysore **Aug 2019 - Sep 2019**

- Learnt python programming.
- Built Snake game.
- [Certificate](#)
